FROM THE ROOKIES TO THE VETERANS

Our baseball enthusiasts out there know that it's "that time" of year: MLB Spring Training is going strong. And just like us, here at the Gilroy Foundation, we are lucky enough to have the younger generation active right along side our "veterans" who continue to be our inspiration and our guidance.

YOUTH BOARD MEMBERS: THE FUTURE OF GILROY FOUNDATION

The 2017-18 Gilroy Foundation Youth Board is comprised of 33 middle school and high school students. With the guidance of six mentors (past and current members of the Board of Directors and Ambassadors), students volunteer their time and attend meetings to better understand the needs in our community and what they can do to bring about change.

Over these past few months, they organized a toy drive to benefit Rebekah Children's Services while also spending time volunteering at St. Joseph's Family Center where they distributed food baskets to families for a Thanksgiving Dinner.

After taking time to deliberate grant applications, they are preparing to present their $1000 grant at the Annual Meeting and Charitable Grants Presentation on April 18. Throughout this entire process, today's youth will gain a better understanding of how they can make a difference in their community.

2018 GILROY HIGH SCHOOL HALL OF FAMERS NAMED

Gilroy Foundation proudly congratulates THREE of our current members of the Board of Directors on their induction into the Gilroy High School Hall of Fame 2018!

During a recent ceremony, Edwin Diaz, Board President; Sal Tomasello, Board member; and Jay Baksa, our newest Board member, received this recognition.

We Congratulate you with pride and thank you for your contributions over the years to our local community!

STAFF MEMBERS ATTEND STEM BREAKFAST HOSTED BY TEEN FORCE
Gilroy Foundation sent Event Coordinator Yesenia Gonzalez and Grants Coordinator Lissa Gaffney to view the work of Teen Force, a past grantee of the Gilroy Foundation, at a recent Host Appreciation Breakfast.

John Hogan, VP of Career Services, stated, "The Gilroy Foundation grant has helped us prepare teenage foster youth for professional internships throughout the Gilroy community. One of our students completed 60 hours of STEM training and 20 hours of professional development training. This enabled the student to land a paid internship with CMAP-TV, and has helped shape his interest in college and career. Funding from the Gilroy Foundation is connecting foster youth, non-profits, schools and the private sector to contribute to a stronger community."

**DO YOU MATCH?**

We like to brag that our donors are the best!

Not only do they contribute to us, but they also take the extra step to see if their employer offers a MATCHING GIFT PROGRAM that may double their total donation to Gilroy Foundation!

Have you checked to see if your company's HR Department offers a matching gift option? Thanks for being a super donor if so! If not, don't wait a second more!
