In reviewing and authorizing grants, the Foundation gives preference to projects of the following types, whether undertaken by existing agencies or by new agencies.

1. Projects or programs aimed at providing needed facilities or services, for which public funds are either not available or not sufficient, and the Foundation's contribution, either by itself or in conjunction with other private support, would have a significant impact.
2. Projects that will provide leverage in an agency's ability to secure other funds.
3. Projects that, in responding to known community needs, are designed to coordinate or consolidate community services in an effort to reduce overhead expenses, increase efficiency, or eliminate unnecessary duplication.
4. Programs that would contribute to youth, therapeutic animal services, rescue animal services, or the senior citizen community of Gilroy by addressing the cause of major problems rather than merely discussing their continuing effect upon society.
5. The extent of local volunteer involvement and support of the organization's board.

6. The organization's fiscal responsibility and management qualifications.
7. Organizations must be properly constituted and organized with a board of directors, by-laws, financial records, and controls.
8. Grant consideration cannot be given either to individuals nor to organizations that do not have their nonprofit, tax-exempt 501(c)(3) status from the Internal Revenue Service.
9. Submit the most recent copy of the California form **RRF-1**. Signed and dated grant applications will also be accepted from all Gilroy public and private schools and the City of Gilroy.

Grants normally will **NOT** be awarded to:

1. Individuals
2. Endowment purposes
3. Influence legislation or elections
4. Scholarships or basic research
5. Travel to, or in support of, conferences
6. Debt retirement or for operational deficit
