

March, 2024

Dear Gilroy High School Teachers,

We are pleased to announce that **The Bress Family Fund Grant Program** is now accepting grant requests for the 2024-25 academic year.

This program was created to enrich and enhance curriculum instruction. Since 2013, funds have been awarded to teachers from many different departments, including art, special education, world languages, science, and video production. We encourage classroom teachers from all departments to submit their proposals. We do not fund field trips, after-school sports, or extracurricular activities.

The grant application is due on April 15, 2024. All applicants will be notified of the results by May 15, 2024.

This grant program is dedicated to all the teachers who instruct and support Gilroy High School pupils. Their knowledge and life advice have impacted thousands of students over the years.

The application form is available online: www.gilroyfoundation.org/receive/grants.php. We look forward to reading about exciting projects which will positively impact students and staff.

Sincerely yours,

Rhoda.and.Martin.Bress

The Bress Family Fund

Jaclyn.Muro

Executive Director, Gilroy Foundation.
